

LFM 101

LFM-101 is a robust and multi-purpose luminaire with magnifying glass.

Available in white as standard but optionally in light grey.

Fitted with a 3 diopter lens which gives 175% magnification. The spring-balanced arm ensures the shade always remains parallel to the work surface when the arm is moved. The luminaire is earthed and is supplied complete with an "AH" style table bracket and 22 watt lamp.

Accessories include a floor stand with wheels.
